1. Educational Goals for the Course:

- This course is designed to further develop the conceptual and technical skills required by teachers to help them identify their educational goals, and implement meaningful instructional strategies for effective learning by students with special needs. The focus of this course will therefore be on assessment for instructional programming. The course will outline procedures for designing or selecting, administering and interpreting, a variety of informal assessment measures typically used in schools.

2. Instructional Learning Objectives:

Participants will:

- Discuss the need for authentic educational assessment in the light of current expectations of schools.
- Describe any past or current governmental initiatives that either impact educational assessment or define it, and explain the rationale for the initiatives.
- Describe the major steps in the assessment process.
- Outline the procedure for processing referrals for assessment.
- Select and discuss appropriate informal assessment measures.
- Demonstrate by discussion or writing the major components for completing a report to a parent/school.
- Discuss how to make educational or behavioral recommendations based on assessment data.

3. Course Requirements:

- Read and complete all information presented.
- Complete all the examinations, showing a competent understanding of the material presented in those subsections with 70% accuracy or better.
- Complete course evaluation.

4. Dates, Times and Location of Proposed Course:

(1 Semester Credit Equals 15 Professor Contact Hours plus an additional 30 Hours Outside Work)

TBD and will meet accreditation standards for a two-semester credit course. Ending date must be specified at the time of registration and must be within 6 months of start date

5. Due Dates for Completion of Course Requirements: Within 6 months of registration.
