In 1984 Stephanie Lindley fulfilled a lifelong dream when she became a student at Northwest Nazarene College.

Throughout her life Stephanie was an inspiration and encouragement to all who knew her. As an infant she was diagnosed as having cystic fibrosis; however she lived life to the fullest, undaunted by her illness -- she maximized the moment -- investing herself in the lives of others. She was active in student government and served in leadership positions, both in high school and college. She effectively touched all who knew her with the joy of her living faith, a faith instilled and nurtured by her family and friends.

In November, 1985, the disabling disease took her life. Today her spirit lives on in those touched by her life. She is remembered for her enthusiasm, courage, steadfast faith and joy of living.

Criteria for awarding of scholarship

1. Financial need, scholarship, and a demonstrated concern for others shall be factors to consider in making awards.

2. Scholarships may be awarded to any full-time undergraduate student.

3. Preference shall be given to elected student leaders.

4. Students may apply using the department scholarship application.

5. Nominations may be submitted by the faculty or any interested party through the Office of Student Affairs.

6. The general awards requirements including a minimum GPA of 2.50 apply.
