Howard graduated from NNC in 1946 with a degree in Mathematics. His life was dedicated to the teaching of math—about equally divided between secondary schools and college—including three years on the NNC faculty.

Terry graduated in 1970 with an Engineering-Physics degree. His innovative radio/telephone engineering serves the Intermountain West and his ongoing work may well prove even more productive.

David graduated in 1997, also with an Engineering-Physics degree. With today’s opportunities, it is expected that his career may easily eclipse those of his father and grandfather.

All members of the Zink family join in wanting to give a helping hand to students studying in the unique atmosphere provided by the Division of Mathematics and Natural Science at Northwest Nazarene College.

Criteria for Awarding of Scholarships

1. Recipients are to be persons of Christian commitment and character;

2. Awards are to be given to students who meet general scholastic requirements. GPA and financial need shall be considerations when awarding this scholarship;

3. Recipients shall be students majoring in the sciences, including chemistry, biology, physics, math, and computer science;

4. Preference in awarding shall be given to the lineal descendants of Howard Zink;

5. Nominations for this award are to be made by the Science Department and/or the Office of Financial Aid.

A most satisfying way to honor a loved one or friend is to invest in a life yet to be lived. Gifts to NNC’s Endowed Scholarship Program become a “helping hand” to students as they prepare for their vocations and for lives of service to others. For more information, contact the Development Office, NNC, 823 Holly St., Nampa, ID 83686. Phone (208) 467-8842.
