The
Computer Science
Achievement Award

SCHOLARSHIP

As an expression of their support for and appreciation of Northwest Nazarene University, an alumni couple has endowed this Computer Science Achievement Award scholarship. The donors wish to remain anonymous benefactors of this gift.

The benefactors acknowledge fully that skills, abilities, and talents are gifts from the Lord. They recognize, too, that hard work and discipline are also necessary for academic success.

This award is to help recognize a student majoring in Computer Science who not only has achieved a high level academically, but also possesses a true passion for computer science as a field of study.

It is the benefactors’ intent that this scholarship be recognition of achievement in the study of computer science that will encourage recipients to “excel still more.” This scholarship is to be an award that top-level students can aim for and aspire to obtain.

Criteria for the Award

1. This scholarship is to be awarded to students majoring in Computer Science and is available to incoming freshmen;

2. Recipients are to be students who exceed general scholastic requirements and have demonstrated academic success and a passion for computer science;

3. Recipients may receive the award in successive years, not to exceed four years;

4. Nominations for this award are to be made through the Department of Mathematics and Computer Science and the Office of Financial Aid.

A most satisfying way to honor a loved one or friend is to invest in a life yet to be lived. Gifts to NNU’s Endowed Scholarship Program become a “helping hand” to students as they prepare for their vocations and for lives of service to others. For more information, contact the Office of University Advancement, NNU, 623 Holly St., Nampa, ID 83686. Phone (208) 467-8772.
