

Dear (Student Name),

Thank you for submitting a Special Consideration application requesting a special, one-time award of Higher Education Emergency Relief Fund (HEERF) money set aside for this purpose at NNU. In explaining your circumstances of how the COVID pandemic has affected you, it allowed us to better consider your situation and need for funds. We appreciate your patience as we reviewed the hundreds of applications for these limited funds.

We are pleased to tell you that you have been approved for an award! Based on your circumstances and funds available, the Special Consideration amount you were approved to receive is {{Award Amount}}.

Now we just need a *quick response from you* to receive these funds! Your previous HEERF funds were delivered to you via {{Decision}}.

Please simply reply now with:

- 1) Student Account - if you would like this amount applied right away to pay toward any current or Spring balance due to NNU
- 2) Direct Deposit - if you would like these funds sent to a bank account and have set up a direct deposit bank account within your NNU Portal
- 3) Check - if you would like a check delivered to your current address on file with NNU

While *not required*, if you owe a balance or will be returning for Spring 2022, we encourage the ease of applying these funds directly to your bill now by selecting the Student Account option this time.

We will begin the distribution of funds soon. Please reply to this email with your decision right away.

It is our hope and prayer that these additional HEERF funds will provide some support for you to continue to engage your NNU education well. If you have any questions, please also contact our office at financialaid@nnu.edu.

Sincerely,
NNU Office of Financial Aid
